UK citizen with full right to work in the UK

Profile

AI adoption and programme leader with nine-plus years designing and delivering programmes for CEOs, boards and government ministers. As Regional Director at YPO, a global organisation of chief executives, I manage the full member lifecycle for a region of 1,800 members, and my team has met or exceeded every KPI since I became Regional Director. Beyond my job description, I'm YPO's AI subject matter expert: I've trained 1,000+ CEOs, and as a PMP I run AI adoption as a formal programme, tracking its benefits through pilots, usage data and quarterly reviews.

Key results

- **1,000+ CEOs** trained to use AI, in 13 countries and every global region, plus hundreds of colleagues
- **30% fewer questions** to my team after rolling out an AI-built playbook that 100% of chapters now use
- **2 weeks instead of 5 months** to deliver a project, by using AI
- **97% renewals**, a record that leads YPO globally, with member satisfaction at its highest ever, 4.5/5

Experience

Regional Director, Middle East and North Africa

YPO (Young Presidents' Organization), Dubai, UAE (fully remote) | Jan 2024 – Present

- **AI enablement:** YPO's AI subject matter expert, beyond my job description. I train CEOs, senior leaders and working teams on Claude, including Projects and agents, and Microsoft Copilot, through hands-on workshops, webinars, executive AI briefings and office hours. 100% of MENA chapters have received our AI Workshop, consistently rated 4.8+.
- **AI programme delivery and governance:** run AI adoption across YPO as a formal programme, with a programme plan, milestones, a risk register and regular status reports to senior stakeholders, and track usage-based AI spend and adoption. My use cases led to enterprise adoption and an AI policy. I assessed AI risks for the policy and build guardrails on data security and human review into every session.
- **Train-the-trainer and AI Champions:** trained my management team first, and they now train other teams at their level, alongside 2 AI Champions and 6 trainers who deliver at chapters. I designed an AI skills certification, track usage after training and feed what users tell us back to IT.
- **Member success:** manage the member lifecycle in Salesforce, from prospect to regional champion, with a success plan and a quarterly review for every chapter board, and feed member feedback to YPO's global teams. Redesigned onboarding and piloted YPO's new global onboarding programme, rated 4.9/5, and my peer-to-peer model is now YPO's global standard.
- **Built with AI:** the United MENA Playbook, a governance hub with a live dashboard and an assistant that answers only from approved content. 100% of chapters use it, and questions to my team are down 30%. I also set up Claude agents and MCP connectors across my role, and I'm now piloting AI workflows for the whole of YPO.
- **Experimentation and benefits realisation:** write business cases and requirements, run pilots against a baseline and success measures, then make a go/no-go decision to scale, change or stop. I own the full regional budget and cost control, prioritise the portfolio of initiatives (fund, pause or stop), and grew the budget by 25% through strategic partnerships.
- **Strategy and senior stakeholders:** trusted advisor to the Regional Chairs and the Regional Executive Committee. I wrote the regional strategy and turned it into goals and owners, prepare their briefings and board papers, and keep the decision and action log, tracking every decision through to completion.
- **Leadership:** lead the MENA management team, and 150 to 300 chapter managers, officers, trainers and AI Champions without line authority, fully remote across time zones. Rated Exceeds Expectations.

Regional Forum and Learning Manager

YPO (Young Presidents' Organization), Dubai, UAE (fully remote) | Mar 2022 – Jan 2024

- Conceived, wrote and delivered the MENA peer-to-peer learning programme and trained its trainers. Platinum chapters rose from 60% to 100% in one year.
- Partnered with YPO's global Learning department to build the Assistant Learning Officer session. Piloted in MENA, it is now mandatory worldwide.
- Managed Forum, YPO's confidential peer groups, across MENA, launching three Super-Regional Forum and Learning concepts and placing 150+ members into forums.

- Delivered Global Leadership Conference workshops, rated highly valuable by 200+ executive officers. MENA was ranked YPO's Most Highly Engaged region.

Training and Development Manager

Ministry of Education, Dubai, UAE | Aug 2017 – Feb 2022

- Directed national training programmes aligned with the UAE Vision 2021 National Agenda, working with ministerial and senior stakeholders.
- Ran organisational and individual needs analyses to find capability gaps and design scalable solutions.
- Designed blended and digital learning, including eLearning modules, training plans and facilitator guides, adopted across the UAE and the wider Gulf region.
- Wrote government policy and led national curriculum frameworks rolled out nationwide, and led recruitment that grew faculty by more than 1,000.

Education and certifications

- **MSc Education, University of Oxford**, focused on adult learning methodology. Lead researcher, "Sync or Swim", on digital learning and virtual train-the-trainer delivery. Presented my research into e-learning for adults at the Learn English in Wales conference, 2017.
- **PMP**, Project Management Professional, Project Management Institute (PMI), 2026
- **AI accreditations, 2026:** AI Fluency: Framework & Foundations and Teaching AI Fluency (Anthropic Academy); AI Foundations and Applied AI Foundations (OpenAI Academy)
- **BA English Language and Teaching**, First Class Honours, Swansea University
- **Certificate in English Language Teaching to Adults**, Cambridge English
