Profile

Goal-driven transformation leader with nine years leading programmes across matrixed organisations. As Regional Director at YPO, I run the Middle East and North Africa like a commercial region: chapter health, engagement, satisfaction and renewals are our currency, and my team and I have met or exceeded every KPI and objective, every year. I use Salesforce daily to turn prospect members into chapter members, with the ultimate goal of developing them into regional champions. Experimentation is how we get there: pilot, measure, then scale what works. I'm also YPO's AI Champion: the Claude agents I've set up have improved our operations, logistics, communications, marketing, training and support.

Every KPI
Met or exceeded, every year, as Regional Director

97% renewals
A record, leading YPO globally

100% Platinum
Every chapter at YPO's top health score, a first for MENA

1,000+ CEOs
Trained to use AI, in every global region

How I work: experiment, prove, scale

Agentic workflows
Claude agents for different tasks across my role. **Operations, comms, marketing, training and support all improved.**

Pilots gone global
Onboarding pilot rated 4.9/5. **Two regional programmes are now YPO global standards.**

Built with AI
A low-code governance hub with a live dashboard and scoped assistant. **Questions down 30%.**

Data to decisions
Ten data sources in one report, ranked by where to act first. **Shared before every visit.**

Experience

January 2024 to now

Regional Director, Middle East and North Africa

YPO, a global organisation of chief executives. 27 chapters, a regional management team and the full regional budget. Rated Exceeds Expectations.

TARGETS AND RESULTS

- Met or exceeded **every KPI and objective, every year**, with numbers the region had never seen: every chapter at **Platinum**, YPO's top health score, for the first time; satisfaction at **4.5/5, the highest on record**; and **record renewals of 97%**, leading YPO globally.
- MENA ranked YPO's **Most Highly Engaged region**, and a Dubai chapter was named **Best Chapter out of 500**. Session attendance is up 20% year on year, and CEOs now compete to join our regional team.
- Own the full regional budget, and grew it by 25% through strategic partnerships.

AI TRANSFORMATION

- **YPO's AI Champion, beyond my job description.** I set up Claude agents for different tasks across my role, speeding up progress towards every target. Shared use cases with IT led to **enterprise adoption and a proper AI policy**, and I'm now piloting AI workflows for the whole of YPO.
- Built the **United MENA Playbook** with AI: a live dashboard, an assistant that answers only from approved content, and usage tracking. **Questions to my team are down 30%**, and one project took two weeks instead of five months.
- Built an AI Champion network: my management team, 2 Champions and 6 trainers. Trained **1,000+ CEOs** and hundreds of colleagues, and support Regional Directors in EMEA and APAC.

Experience, continued

January 2024 to now

Regional Director, continued

PROCESS, EXPERIMENTATION AND STAKEHOLDERS

- Found that global training wasn't equipping chapters to onboard members, so redesigned the frameworks and processes and piloted YPO's new global onboarding programme, **rated 4.9/5**. I now advise the global onboarding team.
- Designed peer-to-peer mastery sessions for chapter leadership teams, now **YPO's global standard**, and implemented a budgeting and tracking system with the global team, now used by multiple regions.
- Advise Regional Chairs and chapter boards of CEOs from a wide range of industries, leading without authority. Regional Board Meetings scored **"most valuable" two years running**.

March 2022 to January 2024

Regional Forum and Learning Manager

YPO, Middle East and North Africa

- Conceived, wrote and delivered the MENA peer-to-peer learning programme, and trained the trainers who deliver it.
- Partnered with YPO's global Learning department to build the Assistant Learning Officer session. Piloted in MENA, it is now **mandatory worldwide**.

August 2017 to February 2022

Training and Development Manager

Ministry of Education, UAE

- Directed national training programmes, working with ministerial and senior stakeholders.
- Ran organisational and individual needs analyses to find capability gaps and design scalable solutions.
- Led national policy and curriculum, and designed digital learning adopted across the Gulf.

Education and accreditations

- **MSc Education, University of Oxford**, focused on adult learning methodology
- **AI accreditations, October 2026:** AI Fluency: Framework & Foundations and Teaching AI Fluency (Anthropic Academy); AI Foundations and Applied AI Foundations (OpenAI Academy)
- **BA English Language and Teaching**, First Class Honours, Swansea University
- **Certificate in English Language Teaching to Adults**, Cambridge English

What I bring

AI transformation · Agentic workflows · Experimentation and pilots · Value realisation and KPIs · Process redesign · Low-code prototyping · AI governance · Change leadership · Executive advisory · Influence without authority · AI adoption at scale

Tools I use

Claude, including agents · Salesforce, daily · Tableau · Workday · Microsoft 365 · Google Workspace · Apps Script · Monday.com

Also

- A network of CEOs across a wide range of industries, in London and every YPO region
- Three years working alongside Birkman coaches

Why look at my site

paigeelizabethmorgan.com shows, in one place, how I've built AI into everyday work at every level of YPO, with working demos of my playbook and reporting tools. I designed and built it with AI.

My day → My team → My department → Other departments → Our CEO members
